## Why is the Dining Hall Addition Necessary?

The existing Dining Hall was built nearly 40 years ago and serves as the heart of Kiwanis Camp Patterson. All meals are prepared and served there and rainy-day activities are moved to the Dining Hall when necessary. The lower level of the Dining Hall also serves as the camp's storm shelter and infirmary.

Now, as we experience increasingly hot summers, our camp is in dire need of a place that is air conditioned and offers a respite from regular 90+ degree temperatures during the summer. This is not simply a comfort need; it's a medical and safety necessity.

In addition to the need for an air-conditioned space, the current Dining Hall is not large enough to accommodate all campers and staff at one time.

We are seeking donations to help fund a 840 sq ft. addition, which also includes insulating the entire first floor structure as well as adding air conditioning, new shingles and flooring. If adequate funds are secured, construction will begin in late 2021 so that the facility is ready for our 2022 camping season.

## Current Dining Hall Floor Plan and Proposed Addition

### **Fundraising success as of October, 2021:**

**Goal: \$430,000**

**Funds raised to date: \$321,000**

**Funds needed: \$109,000**

### **About Kiwanis Camp Patterson:**

*Each summer Kiwanis Camp Patterson hosts more than 2,600 children during the three-month camping season. With 165 beds spread among 14 cabins, the camp has been serving youth campers since 1927 thanks to hard work of volunteers from the Mankato Kiwanis Club and other organizations. Youth camps such as Celebrate Me Week, Camp Shiloh, Mankato YMCA, Camp OZ and several others rent Kiwanis Camp Patterson's facilities and provide their own staff, programming and meals. The camp is located on the shores of Lake Washington in LeSueur County.*
